

Notice.

THE members of the Burlington Fire Company are hereby notified, that the annual meeting of said Company will be held on at J. Howard's Hotel, on the fourth Wednesday, the 27th day of January, instant, at seven o'clock in the afternoon, for the purpose of choosing ten Wardens, a Clerk and Treasurer, and for transacting all other business required by the charter and laws of said Company.

The Trustees congratulate the members of the Company, and of the several Engine Companies, and the householders of the village, that, during the past year, not a single building has been destroyed by fire, within the limits of the Company. The cry of fire has several times been heard on our streets, but the prompt attendance of our Engine Companies, and the vigilance of this company and of our citizens generally, have extinguished the "little matter" before a great fire had been kindled. All the alarms of fire which we have heard, the past year have commenced and continued with "more smoke than fire," and ended as they should do, a mere excitement.

Since the last annual meeting a number of subscribers have been added, as members to this company, and several liberal donations have been received from benevolent individuals. More than \$200, has been raised by voluntary subscription to construct cisterns and wells, for the use of this company and the accommodation of the public, a part of which has already been expended for these purposes.

The recent national calamity by fire in the city of N. York, where 674 tenements and property to the value of 14 millions of dollars were consumed, in the short space of 15 hours, speaks volumes of caution to every reflecting mind and warns the most unwary to take care of fire.

The Trustees deem it not arrogance to attribute the quiet enjoyment of the firesides of many of our citizens to the well organization of our Engine Companies and the vigilance of this company, but much remains yet to be done. There are now only 100 members of this company, while there are about 300 householders in the village. The company need funds, but they need the aid of individual exertions, as well as funds. A cause so general deserves general concern, and the Trustees again call upon every household in the village to attend the meeting and join the company—Burlington expects every man will do his duty.

By order of the Wardens
LYMAN & COLE
January 4, 1835.

D. M. A.

THE annual meeting of the Burlington Mechanic Association will be on the 5th day of January next, to be held at Howard's Hotel at 9 o'clock P. M. At this meeting the Officers of said association are to be elected for the year ensuing, and other business of importance is to be transacted. A punctual attendance of all the members must therefore be relied on.

By Order of JOHN JOHNSON, Sec.
Burlington Dec. 22, 1835.

Important Information!

TO PERSONS AFFLICTED WITH THE FOLLOWING COMPLAINTS.

SCROFULA, S CURVEY, Leprosy, Fevers, Eruptions, Salt Rheum, Pimpled Faces, St. Anthony's Fire, Sore Eyes, Fex. Sores, even when the bones are affected, Sore Legs, Scald Heads, White Swellings, Ulcers, Violent Eruptions after Venereal Taints, when mere, has failed and all disorders arising from an impure state of the Blood and Humors—are assured that DR. RELFE'S

BOTANICAL DROPS

contain unrivalled for the Prevention, Relief and Cure of these complaints. In proof of which read the following:

Remarkable cure of a case of 12 years standing. Extract of a letter. Sir—My leg which before did not look like a human limb, is now entirely healed up, after resisting every other application for 12 years. I am anxious to taking your Relfe's Botanical Drops, I had given up all hope of relief.

Another Case. An agent writes—"There is a person taking the Botanical Drops, evidently with the greatest advantage." He declares, to use his own words, "It is doing wonders for him," and, as it were, "snatching him from the grave."

Numerous instances have occurred where persons were plunging away a miserable existence, nothing they could procure affording them a permanent relief, until they had made use of the above invaluable Medicine.

They are also the best spring and autumnal physic. Price \$1, or 6 bottles for five dollars. DUMFRIES' REMEDY FOR THE PILES

CEMICALS BROCATION.

WHITWELL'S True and Original OPODEDOC.—Tests of the only true kind are:

1st—See that the certificate of the late Dr. Mitchell, L.L.D. of the city of New York, is on the inside direction paper.

2d—That my name is stamped on the bottle.

3d—That the retail price is not less than 37 cents a bottle, all others are but base fabrication.

The above may be considered as infallible, in bruises, strains, rheumatism, stings of insects, vegetable poisons, cramp, &c. &c. &c. In a word, in all cases of external injury.

The public have been frequently most grossly imposed upon by spurious imitations of this composition. They are made by various persons in their own names, and by pedlars scattered all over the country.

They have nothing but their cheapness to recommend them, being as useless as an much colored spirit, and as long as they are purchased they will continue to be manufactured. It is the public therefore who are to blame, and not the makers—and should this state of things continue, the best medicine in the world will be in the situation of a first rate bank, whose notes are one and all refused in consequence of the great number of its counterfeiters. If the first article had not become celebrated, there would have been no imitations. Independent of this, there is a constant rivalry among the real imitators, each striving to undermine the other. The worst and cheapest materials have been necessarily employed, until they have nothing but the name left to recommend. The original article on the contrary, has never varied either in quality or price, and is and ever has been in every respect, quite a different article from any of the imitations.

To Consumers.—The true article is the cheapest in the end. Remember that the prodence may be a desirable virtue, yet that the saving of a few cents in a phial of medicine is but a pitiful economy, and may lead to worse consequences than the loss of money—therefore for your own interest and comfort, purchase not a single bottle in future, which has not the tests above described.

To Country Traders.—Dealers in medicine will find more profit on the sales than on any of the imitations, besides having the satisfaction of selling to their customers the genuine article.

Sold by all the principal druggists in the U. S. who also keep for sale the VOLTA-AROMATIC SNUFF, for many years celebrated in cases of catarrh, headache, dizziness, dimness of eyesight, drowsiness, loss of spirit, hypochondria, nervous weakness, &c. It is most fragrant and grateful to the smell, being composed principally from roots and aromatic herbs. It is absolutely necessary for those who watch with or visit the sick, being an excellent prevention of contagion. Recommended by Dr. Waterhouse, late Prof. of the theory and practice of Physic in Harvard University. Sold in Burlington by J. & J. H. PECK & Co.

Price 30 cts. & 25 cts. march 7-1 y

Consumption.

DR. RELFE'S ASTHMATIC PILLS, have, from their extraordinary success in giving instant relief, and in curing coughs, asthma, difficulty of breathing, wheezing, tightness of the chest, pain in the side, spitting of blood, chills and shiverings that precede fevers and lung complaints generally! become one of the most popular medicines known, and are sought after from every part of the country, on account of the astonishing success that has attended their administration in the above complaints, frequently curing the most obstinate cases, and giving the most unexpected relief, after every other remedy had failed, and persons had given themselves up in despair of a cure! They have been known to cure persons supposed to be far gone in consumption, and exhibiting all the appearance of approaching dissolution. And such have been the salutary effects of these Pills, even in hopeless cases, as so far to mitigate the sufferings of the patient, as evidently to prolong life for even days and weeks, and give to it a positive comfort they never expected to enjoy. The operation of the pills is wonderful in easing respiration, quieting the cough, and procuring comfortable rest—Common colds are frequently removed in a few hours.

Although (say a person speaking of these pills) my wife has tried various medicines of the first celebrity for an asthmatic difficulty or affection of the lungs, which at times was exceedingly distressing, confining her to her house for days and weeks together, she finds nothing gives her the relief which Relfe's Asthmatic Pills do—easing her respiration, quieting her cough, and giving her comfortable rest. And this is the testimony of hundreds of thousands. The relief which aged people, as well as others, experience from the use of these pills is truly astonishing, and renders them invaluable to many, and are in fact to some an essential auxiliary to their comfort and almost to their existence! A physician informs the proprietor that a gentleman in the country observed to him, he had reason to believe the use of these pills had been the means of saving his life. Price—whole box, 30 pills \$1; half do. 12 pills 50 cts.

DUMFRIES' EYE WATER.

For sore or inflamed eyes. Nothing gives such immediate and comfortable relief. On recent sore eyes the effect is most salutary. Where the complaint has been of years standing, and in some exceedingly bad cases, the most unexpected and desirable relief has been found in the use of this Eye Water after every other remedy had failed. Persons who have used it pronounce it without hesitation the best preparation for these complaints they have ever met with. Price, 25 cents a bottle.

PANGBORN & BRINSMAID.
Dec. 25, 1835.

PRACTICAL TREATISE ON THE CULTURE OF SILK, adapted to the Climate and Soil of the United States.

By F. G. COMSTOCK, Secretary of the Hartford County Silk Society, and Editor of the Silk Culturist. Illustrated by Engravings.

The interest in all parts of the United States in the Culture and Manufacture of Silk, manifested by the constant call for information on the subject, has induced the publisher to have prepared a plain Practical Treatise on the Cultivation of the Mulberry and Rearing Silk Worms, adapted to the Soil and Climate of this country and to the wants of plain practical men.

The Practical Culturist in this country needs a directory adapted to the Soil on which he plants his trees, and the Climate in which he rears his worms, without reference to Sails and Climates less congenial to their growth. It has been therefore the object of the author to make a treatise strictly practical, omitting nothing of importance and adding nothing of a useless or extraneous character.

As making the raw material into Sewing Silk and Twist is very profitable to the Silk grower, all necessary information for that purpose will be given.

This Work is in Press and will soon be published in a duodecimo of about 100 pages, in handsome binding—price 50 cents. A part of the edition will be put up in elastic covers to be forwarded by mail.

Editors of Newspapers who will give the above three insertions, with this notice, and forward their paper with the advertisement marked, shall be entitled to a copy of the work, to be forwarded to their order.

WM. G. COMSTOCK.
Hartford, Dec. 1835.

Cure for the ITCH.

HOWEVER inveterate in one hour's application, and no danger of taking cold, by using Dumfries' Itch Ointment. This preparation, for pleasantness, safety, expedition, case and certainty, stands unrivalled for the cure of this troublesome complaint. It is so rapid as well as certain in its operations as to cure this disagreeable disorder most effectually in one hour's application only. It does not contain the least particle of mercury or other dangerous ingredient, and may be applied with perfect safety by pregnant women or to children at the breast. Price 37 cents a box, with ample directions.

DR. RELFE'S ANTI-BILIOUS PILLS.

For indigestion, loss of appetite, indolence, costiveness, flatulency, Cholera, Bilious affections, &c. To comment on the efficacy of these Pills after a successful experience of many years in England and America has established their reputation, is needless. Suffice it to observe that for redundancy of bile, flatulency, costiveness, headache, &c. they will undoubtedly prove far more serviceable than those drastic purges too frequently employed, and will not only tend at the same time to remove the offending cause by gentle motions and strengthen the digestive organs but improve the appetite and renovate the system. Price 50 cents.

CANBRIAN TOOTH-ACHE PILLS

The relief is immediate, without the least injury to the teeth. Price 50 cents a box.

DR. RELFE'S VEGETABLE SPECIFIC.

For sick headache, &c. Price 50 cents.

None are genuine unless signed T. KIDDER, on the wrapper, (sole proprietor and success to Dr. CONWAY) by whom they are for sale, at his Counting Room, No. 29, Court-st. Boston, and by his special appointment, by J. & J. H. PECK & Co.

Notice.

THE Subscriber takes this method of informing all those indebted to him, whose debts are due in grain, must be paid by the first day of February, next, as he considers himself under no obligations to receive grain after the above stated time.

He would again say to his customers that he shall leave Milton the first of March next, and all accounts that remain unsettled at that time will be left—for collection.
